Bowel Prep for Surgery

Pick up GoLytely at the pharmacy.

For two days prior to your surgery you are only to have clear liquids, for example: 7-up, ginger ale, weak tea, Jell-O, chicken broth, and water.

On the first of these two days please drink 2 liters of the GoLytely starting at noon and finishing by 6 pm. On the second day drink the other 2 liters starting at noon and finishing by 6 pm.

Make sure that you stay close to the bathroom on these two days as you may need to use it frequently.
